QUICKIE CASH - New Bingo Event Game or a BALL GAME

Quick Facts – the inside story

- Price per break open ticket = **\$1.00**.
- Only **210** break open tickets per deal – small count game.
- Playing for a top prize of **\$100.00**.
- Hold all break opens with Bingo BALL Numbers B1-O75 for a chance at the top prize of **\$100.00**.
- There are **25** Hold tickets per deal – **3** Bingo BALL numbers each – these are premium tickets.
- Play Quickie Cash as a coverall – i.e. the first person to dab all 3 numbers/BALLS on the ticket wins.
- Quickie Cash can be played along with any 2 line bingo or longer game. Average number of calls for a winner on Quickie Cash will be 24.
- Sell all the tickets in the deal as fast as possible and award the top prize.
- Create a buying frenzy by announcing to the crowd that the ticket is now for sale.

Before placing the break open tickets out for sale to the public:

- Review the quick facts above with the break-open ticket sellers.
- Determine how the game will be played – **Coverall bingo – first player to dab all 3 numbers on the break open ticket wins the top prize.**
- Selling the break open tickets face to face with floor workers will speed the sell through.
- Sell the tickets along with the paper buy in and any specials.
- Keep the callers card in a safe place for record keeping and for reference by the caller.
- Explain the game to as many customers as possible as they purchase the paper buy-in.

Announce to the Hall – traditionally the caller does this:

- We will now be selling a new bingo event break open ticket or BALL GAME called: **Quickie Cash for \$1.00 each with a top prize of \$100. Quickie Cash has only 25 Hold tickets with 3 bingo BALL numbers on each. The player who completes the coverall on the Quickie Cash ticket during the designated bingo game will win the \$100.**
- During bingo, be sure to occasionally announce what event games are still for sale and create more excitement.
- When the game is close to selling out, create an even bigger frenzy “while they last, chance at \$100”.
- Once sold out, pick the paper game in which you will play the event ticket. Then announce “We are about to play QUICKIE CASH, serial #xxxxxx (from the callers card) and the first player, to dab all 3 numbers on their ticket wins the \$100. Instruct the crowd that there are only 25 Hold tickets and someone will win. “The winning BALL Ticket holder should shout “Ball Game” to be recognized”.
- If the designated bingo game ends prior to the ball game winner, continue calling numbers or use the seal card to determine the winner.
- Once a Ball Game winner yells “Ball Game”, announce “Congratulations, please raise your hand so we can verify the valid winner”
- The winning break open ticket should be verified for the correct number and using the serial number. We suggest paying some of the prize money in smaller bills to encourage tips and re-buys.
